ARCHITECTURAL PLANNING CRITERIA
STONEY BROOK FARM PROPERTY OWNERS' ASSOCIATION, INC.

It is the plan of the Developer of STONEY BROOK FARM to develop it into a highly restricted community of quality homes, aesthetically compatible with each other and with their natural surrounds. The ARC shall evaluate the proposed improvements with emphasis upon their harmonious incorporation into the community as a whole and with specified emphasis on external design, location of the improvement in relation to the surrounding structures and/or improvements, topography and conformity to the restrictive covenants imposed hereunder.

1. Building Type and Dimensions. No building shall be erected, altered, placed or permitted to remain on any Lot other than a detached single-family dwelling containing not less than two thousand five hundred (2,500) square feet of livable enclosed floor area, and not less than nineteen hundred (1,900) square feet on the ground floor in a two story dwelling, exclusive of open or screen porches, terraces and garages. Any dwelling erected shall not exceed more than thirty-five (35) feet in height from the highest point of elevation on said Lot and have a private and enclosed garage for not less than two (2) full sized cars.

Unless approved by the ARC as to the use, location and architectural design, no garage, tool or storage room may be constructed separate and apart from the residential dwelling, nor can any such structure(s) be constructed prior to construction of the main residential dwelling.

Each owner or their assigns by purchasing property in STONEY BROOK FARM hereby gives their permission to the ARC or its representatives to inspect the work done on their property at such reasonable time and manner so as to assure conformity with these guidelines and restrictions. A clean and orderly job must be maintained at all times, both inside and outside the home. Construction must proceed on a timely and continuing basis without interruption.

All homes and auxiliary buildings to be located in the Subdivision shall be constructed by an Approved Builder. It shall be the intent of the ARC to screen any such use from the public view.

16. **Garbage and Trash Containers.** No lot shall be used or maintained as a dumping ground for rubbish, trash or other waste. No owner or contractor shall be permitted to burn any type of trash or construction material on any lot at any time.

17. **Removal of Trees.** In reviewing the building plans, the ARC shall take into account the natural landscaping, such as the trees and shrubs, and encourage the Owner to incorporate them in his landscape plan.
